I am so sorry for your family's loss. I still have and use a lovely wooden caddy that Seth made for me and Tom as a wedding gift 33 years ago. A little worn, but still solid. Quality work lives on. Sandy Kubis (Sharon's 2nd cousin)

I got to know Seth a bit over the last few years, I would see him every Wednesday at noonish.....We would chat, and I would give him a hard time about being lazy, sitting in the garage, watching the news with the pooch. Watched his progress as he made a bed for someone. Turned the legs etc, and I would inspect them. I knew nothing about woodworking and he knew it, but we always had a good laugh. He saved the shavings for our horse, and we would complain in general about horses. As my move to TN grew closer, he would always ask about it, with genuine interest, and ask about my kids. I wish I had gotten to see him one more time when I was North, just didn't happen, but know that your family is in our prayers. He struck an old New England cranky chord with me that will never ring again. Godspeed, Seth. Scott Gallison

As a kid, I was always fascinated with woodwork and am very proud to have a Windsor Armchair that Seth restored. That classic design always reminds me of him, his style and talent.

We shared many years as neighbors while our kid were growing up. Bob remembers all the help we received during the winter months when we got to much snow and he would rescue us. Time passes and people lose touch with one another but friendships made will always remain deep in our hearts. We offer our sympathy to all the family be assured you will be in our prayers. God Bless. Bob and Rose

My sincere condolences to Jared and the family. Seth became a good friend and neighbor in the last few years. I will miss my visits, sitting outside with Dawg and all the laughs we had. My Sundays visits with his DD Blueberry coffee became a ritual. I will miss him greatly. Ken Kitchen
