My Dear Aunt Ruth, You were such a great woman who loved her family and was always there for anyone of us if we needed you. As the years went by and we all got older it was hard to do the things we could when we were younger. I'll always remember the times that Richie and I came up to visit you and grandma and you took us to the lake and took us out. There are so many wonderful memories we made and I'll hold on to them forever. Thank you for being a beautiful soul and I love you and I'll always will miss you.

My Great Aunt Ruth,As a young child I was always excited to visit you and spend time with you; as my dad always told me such wonderful stories about you and how kind you were. You were so loving, sweet and caring. Your kindness and compassion for all never went unnoticed. I thank you also, for the many family history lessons and for educating me on where my family derived from and how we were "strong Swedish women". For that I am very sure of. I wish you peace and the knowing of all the lives you touched and the difference you created not only within our family but within the world. I will miss you so very much. Love always your great neice, Kristina
