I speak for all the grandchildren and great grandchildren when I say that we are going to miss grandma pat so much. We will never forget the countless birthday cards, all of the amazing baking, incredible costumes and crafts and so so much more. We love you so much and know that grandpa is happy to have his honey back and both of you will be watching over us. We will keep you alive in our memories and tell the great grandchildren about all the family traditions you started for us as kids, that we will try to continue with them.

Pat was more than a stepmother to me , she was my next door neighbor for 27 years , my friend, someone I considered Mom. Her love knew no bounds. There is such an incredible sense of loss when you lose someone you love so much . Someone who was such a big part of the family. She was the matriarch and the glue that held us together. Pat helped me raise my children . From horse back riding lessons to making crafts, baking cookies, to having my kids have the most elaborate and amazing Halloween costumes every year. She was kind , compassionate and gave our family a sense of constant comfort with her wisdom and support. The void our family has is profound. But we need to remember that we should be grateful for having such a wonderful Mom, Grandmother and Great Grandmother. I will always do my best to keep her memory alive by keeping her traditions and doing my best to learn to be more like this wonderful woman who seamlessly weaved herself into my heart . Forever missed but never forgotten.
