I have known Pat all my life. I was there on a fire department call immediately following a winter storm at her home on Route 19 for her husband. I shoveled the side walk and moved some small furniture around for the stretcher. She has never let me forget that day and has thanked me many, many, many times. We have been friends since I was a young child. We have followed each other for all those years and recently on Facebook. I am honored to have been part of her life and her heart ❤️. She has always protected me and supported me in many ways and she wasn't afraid to let anyone know it. She has been a true friend for life and I will miss her dearly. I love you Pat. ❤️. Mitch
