Boy was Dave fun to be around. My first printing job was working for him at uniform printing and supply . It was in 1972. Then the company moved to Somersville. I remember Donna back then too. I'm still printing and I think it's partly because of him.

Sorry for your loss. Dave was always very good to me, when I was first in business. He had a lot of good advice and after 20 years of business with Dave he would still drop some wisdom on me when we would talk.
