“ I am sorry to hear of David passing. I knew David when he was living on the Cape. We had some great cook outs and jumping in the pond with his son! David was always giving and had a positive attitude. The world lost a positive force!

“ I am honestly at a complete loss for words. Dave and I had some much fun together when we were younger. Those are memories I will always treasure. I have not been in touch with him over the years, but have heard how he was doing from family members. Every time I came up and I would drive by the old homestead it would always bring back great memories of time shared with him and his family. I am still processing all of this, but my heart goes out to all of his family, friends, and his son.

“ Dave was a friend of mine for more than 35 years . We grew up together went to school together worked together and had countless fun times together. As youngsters we attended many concerts, took a trip to Canada and did a lot of fishing . I was welcomed into his family circle by his brothers and parents of whom my deepest heartfelt sympathy goes out to. In my life there are few men who I have seen express so much Love for his friends and family and especially his son Drew. Dave loved the Ocean and the beach and Lobsters and Steamers were never out of reach . He invited me to the Vineyard and to the Cape many times and We went fishing to the beach and enjoyed family gatherings there and at his home in Tolland . I was a witness to a cut throat Cribbage game a few weeks ago and played many other card games with him and his family . We loved playing horseshoes , camping , cooking ,fishing together , we raced trikes in the snow. Dave loved to ski and play golf and as it said in his tribute was an avid gardener. He would always share his harvest and his diverse abilities with his friends and Family . Dave was always the first to lend a hand and he was a great example of what a friend should be . Very few could paint like Dave ,and he was very good with finish work. He appreciated antiques and enjoyed restoring old furniture. All the common interests we shared allowed our friendship to grow stronger over the years and Dave has been like a brother to me . He will be deeply missed . I hope that in his memory we can put that bench by the river , and be better to our surviving friends and family members . That’s what Dave would want .
